

# ALTERNATIVE FUEL VEHICLE ODYSSEY

**ODYSSEY KICK-OFF 8:30 AM - 9:45 AM AND AFV SUMMIT 10 AM - 5 PM, APRIL 20, 2017**

## GREEN JOURNEY

**Earth Day Texas is proud to partner with National Alternative Fuel Vehicle (AFV) Day Odyssey, coordinated by the National Alternative Fuels Training Consortium, a program of West Virginia University, in conjunction with the Dallas-Fort Worth Clean Cities Coalition.**

Join us as we work together to increase our transportation system's sustainability, kicking off Odyssey events across the country and conducting the AFV Summit at Earth Day Texas. By learning more about alternative fuel and advanced technology vehicles, we will not only contribute to cleaner air by reducing vehicle emissions, but also conserve our nation's resources, create new jobs and decrease our dependence on foreign oil, moving our country towards energy independence.

## WHAT'S IT ALL ABOUT?

National Alternative Fuel Vehicle Day Odyssey is the largest, nationwide event dedicated to promoting the use of and educating numerous audiences about alternative fuel and advanced technology vehicles. From electric cars to natural gas-powered vehicles, people have many options for clean-powered, alternative fuel vehicles!

## WHY PARTICIPATE?

- Join us in creating the biggest one-day change in public perception and education about alternative fuel and advanced technology vehicles.
- Have the unique opportunity to see, touch and test drive an estimated 50 alternative fuel vehicles.
- Attend sessions and workshops to learn how to be part of the solution to reduce your everyday cost of fuel, pollution and overall carbon footprint.
- Ask industry experts questions about alternative fuel options and how to apply them to your local community and much more!

## WANT TO GET INVOLVED?

For more information or to register, contact Jenny McMillen at [Virginia.McMillen@mail.wvu.edu](mailto:Virginia.McMillen@mail.wvu.edu) or 304-293-7882.

**EARTH DAY TEXAS • FAIR PARK • APRIL 20-23 • 150,000+ EXPECTED**
